Subhajyoti Chaki

PROFILE

Frontend-focused Web Developer with hands-on experience in building responsive and modern web applications using JavaScript, React, HTML, CSS, and MySQL. Skilled in developing authentication systems, integrating email services and SMTP providers, designing professional UI components, and improving user experience across web platforms. During the internship at Decrypt, worked on real-world development tasks including email template creation, SMTP and Postmark integration, frontend enhancements, and workflow/pipeline implementation. Strong problem-solving abilities with a keen interest in full-stack and backend development.

EXPERIENCE

DECRYPT (April 2026 - Present)

Worked as a Full Stack Developer Intern (MERN) at Decrypt, where I worked on frontend development, email integrations, authentication features, and UI improvements using React, JavaScript, HTML, and CSS.

SKILL

- Technical Skills:- (MERN, Mongodb, Java, MySQL, PostgreSQL, Python, C,)
- Human Skills:- Team Management, Adaptability, Effective Communication
- Languages Known:- English, Hindi, Bengali

EDUCATION

NETAJI SUBHASH (2023 - Present) ENGINEERING COLLEGE

Bachelor of Technology in Computer Science and Engineering
CGPA: 7.2/10 (as of 5th Semester)

DAV SCHOOL (2022)

CBSE (Class XII) - Science (PCM); Percentage: 82%

MAHBERT HIGH SCHOOL (2020)

ICSE(Class X) - Percentage: 91%

PROJECTS

DEVELOPER DEBUGGING ASSISTANT

Built an AI-powered platform that analyzes programming errors and suggests fixes with beginner-friendly explanations. Implemented code analysis, debugging history, and responsive UI features using the MERN stack.

REALTIME CHAT APPLICATION

Built a realtime messaging platform with secure authentication and instant communication features.

AI RESUME SCREENER

Developed an AI-powered application that analyzes resumes and compares them with job descriptions to generate matches.
